# WELCOME TO **NEW AGE CARAVANS**

Every van begins with a simple promise: to make travel feel effortless, comfortable and unmistakably Australian.

Since 2008, we've pioneered modern caravan design; bringing apartment-style interiors, advanced composite construction and a new level of comfort to the Australian market. Built in Campbellfield, Victoria, every New Age caravan reflects our commitment to quality, innovation and the Australian way of travel.

With a nationwide dealer network and local manufacturing support, you can explore with confidence knowing your caravan is built to last, and built for life on Australian roads.

## **100% Australian Made**

Proudly 100% Aussie made, New Age Caravans supports local jobs, local suppliers, and Australian industry standards. Every caravan is built right here at home, ensuring the strength, durability, and reliability needed for real Australian adventures.

## **Built for Adventure – Built to Last**

Our building methods combine modern engineering with time-proven craftsmanship. From rugged chassis design to precision CNC cabinetry, reinforced construction, premium insulation, and advanced suspension systems, our caravans are built to tackle remote roads and long-haul touring without compromise.

## **Premium Quality, Inside and Out**

We source high-quality components and materials to deliver exceptional fit, finish, and longevity. From Australian steel to durable composites, luxury interiors, electrical systems, and off-grid capability, every detail is chosen to enhance comfort and performance.

## **Warranty You Can Rely On**

Every New Age is backed by a comprehensive warranty program, giving you total confidence wherever your journey takes you. Our after-sales support team is committed to keeping you on the road with reliable, responsive service. 3 Year Bumper to Hitch.

## **Australia-Wide Dealership Network**

With an expanding dealership network across Australia, you're never far from expert advice, service, and support. Whether you're purchasing your first caravan or upgrading to your dream model, our nationwide dealers are ready to assist.

# SPECS & LAYOUTS

## ENGINEERED LAYOUTS FOR SERIOUS OFF-ROAD TRAVEL

### Manta Ray – Designed for Couples

Designed for couples chasing remote horizons, the Manta Ray is purpose-built for confident off-road touring. Its rugged queen bed layout and intelligently balanced interior are engineered to handle corrugations, creek crossings, and long days off the grid. Tough where it counts and comfortable where it matters, the Manta Ray delivers a refined retreat that feels just as capable deep in the bush as it does at camp.

### Road Owl – Tough Touring for Adventurous Families

The Road Owl is built to take families beyond the blacktop. Featuring durable layouts, generous living space, and robust bunk options, it's designed to handle the demands of off-road travel without sacrificing comfort. With smart storage, family-focused practicality, and expedition-ready construction, the Road Owl makes exploring together easier, tougher, and more rewarding.
