A luxury lifestyle that you can afford; exploring this beautiful country in the comfort of your motorhome!

JB Motorhomes

JB MOTORHOMES

Every Motorhome begins with a simple promise: to make travel feel effortless, comfortable and unmistakably Australian.

Since 2008, we've pioneered modern design; bringing apartment-style interiors, advanced composite construction and a new level of comfort to the Australian market. Built in Capbellfield, Victoria, every JB Motorhome reflects our commitment to quality, innovation and the Australian way of travel.

With a nationwide dealer network and local manufacturing support, you can explore with confidence knowing your caravan is built to last, and built for life on Australian roads.

100% Australian Made

Proudly 100% Aussie made, JB Motorhome supports local jobs, local suppliers, and Australian industry standards. Every caravan is built right here at home, ensuring the strength, durability, and reliability needed for real Australian adventures.

Built for Adventure - Built to Last

Our building methods combine modern engineering with time-proven craftsmanship. From rugged chassis design to precision CNC cabinetry, reinforced construction, premium insulation, and advanced suspension systems, our caravans are built to tackle remote roads and long-haul touring without compromise.

Premium Quality, Inside and Out

We source high-quality components and materials to deliver exceptional fit, finish, and longevity. From Australian steel to durable composites, luxury interiors, electrical systems, and off-grid capability, every detail is chosen to enhance comfort and performance.

Warranty You Can Rely On

Every JB is backed by a comprehensive warranty program, giving you total confidence wherever your journey takes you. Our after-sales support team is committed to keeping you on the road with reliable, responsive service. 3 Year Bumper to Hitch.

Australia-Wide Dealership Network

With an expanding dealership network across Australia, you're never far from expert advice, service, and support. Whether you're purchasing your first caravan or upgrading to your dream model, our nationwide dealers are ready to assist.

Terms & Conditions: All images, colours, specifications, features, and materials shown are for illustrative purposes only and may vary or be subject to change by the manufacturer without notice. Availability, specifications, and options may differ between models. Please confirm all details, inclusions, and current specifications with your authorised dealership prior to purchase.

**WELCOME TO FUTURE OF
AUSTRALIAN MOTORHOMES**

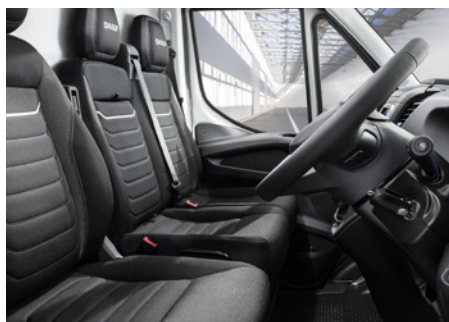

DISCOVER THE LUXURY ON OFFER

The IVECO Daily is the perfect match for your new Motorhome – equipped with all the features and benefits that will reliably take you around the country and make your time on the road enjoyable and stress-free.

Many of the Daily E6 features are market-leading including the availability of an 8-Speed full automatic transmission and powerful, yet fuel efficient, Euro 6 engines of up to 180 horsepower and 430 Nm of torque.

Comfort and Convenience. There's a new, high resolution TFT instrument cluster that's easier to read and features seven dedicated screen menus and over 100 points of information.

Adjustable steering wheel. Making your driving more comfortable.

Steering wheel mounted control. In addition to the standard equipment you'd expect in a Daily you also get electric windows, heated and electrically adjustable mirrors, keyless entry / central locking, engine immobiliser and airconditioning.

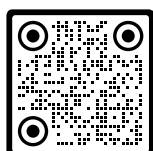

Electronic parking brake. The new park brake also engages automatically at key-off and disengages once the driver's seat belt is on, the key is on and 'drive' selected (neutral for manual models).

Hi-Connect multimedia. New 'Hi-Connect' multimedia system with, Android Auto and Bluetooth functionality.

Safety & Comfort. Four SRS airbags, Adaptive Cruise Control, Advanced Emergency Braking, Front and rear disc brakes with ABS, EBD and ESP 9 & Daytime Running Lamps (DRLs).

Maximised Comfort and Space:

The JB Touring boasts an exceptionally thoughtful layout, designed to maximize every inch of space. With its central toilet, it creates room for a spacious shower, a convenient top-loading washing machine, and an impressive amount

of storage. It's a clever, stylish design that elevates both comfort and practicality!

Exceptional External and Internal Storage: Space Made Simple!

The JB Touring offers incredible storage solutions to keep everything organized! The huge under-bed compartment is accessible from both inside and outside, giving you ultimate flexibility. Add to that two large additional external storage hatches, and you'll never run out of room for your

gear. Conveniently located dedicated compartments for the batteries, power system, and gas bottles ensure everything is within easy reach. Practical, spacious, and designed with you in mind!

Luxury Meets Style: The Stunning Aesthetics of the JB Touring

The JB Touring is a masterpiece of design, blending luxurious European influences with modern elegance. Every detail has been carefully crafted, from the sleek overhead angles and curved ceiling accents to the soft glow of strip lighting. Enjoy the sophistication of 100% leather upholstery

and striking black fittings, all included as standard. Outside, eye-catching designer decals ensure this motorhome turns heads wherever it goes. The JB Touring isn't just functional—it's a statement in luxury and style!

EcoFlow Power Kits

Solar / Portable Power Made Easy
2 - 15 kWh Systems
Lithium Iron Phosphate Power Kits

Fast & Multiple Charging

Multiple charging methods for up to 15kWh of stored energy. Get up to 4800W of solar input, use your alternator or wind turbine, plug in mains power, or even use an EcoFlow Smart Generator to replenish power anytime, anywhere.

- Intuitive Control Interface – Console and App
- 3600W Inverter
- AC Main Output: 3600W
- Total Input Power: Max 6000W
- Up to 4800W Solar Input
- Smart Generator Compatible
- 48V System

Integration & Compact

The Power Hub combines two MPPT solar charge controllers, one battery charger with MPPT, one DC-DC step-down converter, and an inverter-charger. That's far less components and wiring required.

- All In One
- Minimal Design
- Easy Operation
- Simple Connection
- Powerful as Mains Power
- Done Cable Management
